

4th November 2020

**A message to guests from
Historic House Hotels of the National Trust**

I write again to bring you up to date with the position in our hotels.

As part of the ongoing national fight against the COVID 19 pandemic, as set out in law by the British Government, Hartwell House and Middlethorpe Hall and their Spas will close at the end of business on 4th November 2020 until 2nd December 2020, subject to any further Government announcements. Bodysgallen Hall and Spa in Llandudno North Wales reopens on 9th November following Welsh Government guidelines, and more information about this will be communicated to you in the coming days.

During the period of closure of Hartwell House and Middlethorpe Hall, we shall securely look after the Houses and their estates, and keep in touch with our guests. We really look forward to reopening and welcoming you back, in time for Christmas and celebrations through December.

Please stay safe; we greatly value the loyalty and support of our guests, so many of long-standing, during these continuing difficult times.

Richard Broyd OBE
Chairman, Historic House Hotels Ltd.
