If you are taking medication, have recently had any operations or illness or have a medical condition, it is advisable that you bring a doctors note with you. This may affect the treatment selected. If you are in the first trimester of your pregnancy we would advise that certain treatments are not suitable. This can be discussed further on booking your treatments. Please advise in advance if you suffer from any allergies or from skin sensitivity, dermatitis, contact eczema or psoriasis. In the interest of hygiene we do not recommend pedicures if you suffer from verruca's or fungal infections. Any personal information given is held in the strictest confidence. It is advisable to book treatments in advance to avoid disappointment. Treatments are not available to those under the age of 16. The range of treatments available in the Spa is varied, and may not be suitable for every individual. If you're taking medication, have recently had an operation or illness, or have a medical condition, including cancer, it is advisable to consult your doctor before booking treatments. If in doubt, please ask our therapist who has been trained to know under what circumstances a treatment should not proceed or when to refer a client to a doctor and can recommend alternative treatments. We do not wish to disappoint; however your health and well-being are always our priority.

BOOKING CONDITIONS

We respectfully remind guests that a reservation constitutes a contract between them and Hartwell House and a charge will be incurred for any treatment cancelled less than 24 hours prior to appointment (seven days for Spa Experience and Day Packages). So that our clients are not inconvenienced clients are requested to attend punctually for treatment. Those arriving late (who will still be charged at the tariff price) may receive a shorter treatment and unless more than 30 minutes late will probably not be able to receive the treatment booked.
